## Friends of Camp Security President, Carol Tanzola

**One of the most influential people in the quest to preserve, interpret, and commemorate the Camp Security site is Carol Tanzola, President and Treasurer of Friends of Camp Security (FOCS). Often working behind the scenes, much of what has been accomplished is due to her unending determination.**

**Who is Carol Tanzola? Originally from Scotch Plains, New Jersey, Carol graduated from Scotch Plains Fanwood High School in 1969. Upon graduation, she attended Centenary College in Hackettstown, New Jersey earning an associates degree. During her career, she worked as a secretary and administrative assistant. Carol first became involved with the Camp Security cause when she was a member of the Springettsbury Township Historic Preservation Commission. The commission was challenged to identify the top 100 sites in the township, with the number one site being the one they would lay down in front of the bulldozer for. Of course, the most significant site was the Camp Security Archaeological Site. Threatened by development, several members of the commission, including Carol, chose to form Friends of Camp Security (FOCS) to save the site. She is most proud that over 18 years Friends of Camp Security (FOCS) was able to save the site by raising \$3.5 million. Joining the FOCS cause, preservationists were able to stop the**

developer with much help from pro bono legal assistance and involving other organizations. In addition to her work with Camp Security, she is a member of the Penn State York Advisory Board, Treasurer of the Board of Directors of the Pennsylvania National Horse Show, and handles the ordering and sales of logo wear and drives the hound truck for Elkridge Harford Hunt Club in Maryland. Carol has proven to be a passionate, influential leader for Friends of Camp Security (FOCS).

Friends of Camp Security (FOCS) is very fortunate to have a strong, dedicated president in Carol Tanzola. The great accomplishments and future visions of Friends of Camp Security (FOCS) are a direct result of Carol's tireless efforts.

Are you looking for a fun read? *The Tail Gate Mystery* by Rita Mae Brown blends a good mystery with historical facts. The setting of the book is the Albemarle Barracks, the Revolutionary War prison camp near Charlottesville, Virginia. This was one of the stops for some of the prisoners before they were eventually moved to Camp Security. Rita Mae Brown references Camp Security, our present archaeological efforts, and includes a well-deserved tribute to Carol Tanzola.
