At the meeting of the Springettsbury Township Board of Supervisors, Carol Tanzola, flanked by Jonathan Stayer, presented a compelling argument as to why a disc golf course on the Camp Security site would be detrimental to the site.
After a discussion and questioning session, the supervisors agreed. They expressed their overwhelming support for protecting the Camp Security site, and further affirmed their support by pledging $15,000 to FOCS to continue their mission of preserving, interpreting, and commemorating the historically significant site. Thank you, Springettsbury Township Board of Supervisors!!!!!

Strategic Plan Input

As FOCS moves forward, we will begin to look toward a plan to interpret the Camp Security site. If you have any thoughts as we proceed, please take a minute to share your ideas with us. At:
