May it please your Excellency and Council:

The Militia of this County is very uneasy concerning their pay, and whereas some of the Sub-Lieutenants have been more Industrious than others, in having the fines collected, have made application to me, Requesting that I should attend in the different Districts and pay the money collected to the militia belonging to such Districts.

I am at a loss to know the pay of the Officers, and how to act, shall therefore wait your pleasure in the matter, a few lines of John Hay Esq<sup>r</sup> (Treasurer of this County the bearer of this) will be very acceptable to

Your Excellency & Councils
